REPORTING AND RESPONDING TO CHILD ABUSE AND NEGLECT

In this 3 hour course, responsible adults will be provided the knowledge and skill needed to recognize and report child abuse and neglect. Training objectives:

- Define child abuse and neglect
- Identify who must report child abuse and neglect
- Practice the questions they should ask children before making a report
- Become familiar with the roles and responsibilities of child protective services, law enforcement, and child advocacy centers in protecting children
- Identify supports necessary to identify and respond responsibly to child abuse and neglect

#### Continuing Education:

This training is approved through the Nebraska Crime Commission for 2.75 CLE and is approved for Crimes Against Children hours.

Training approved for 3 in-service hours through the NDE Office of Early Childhood Training Center for childcare providers.

Training meets the requirements for 3 CEU for social workers and licensed mental health professionals in Nebraska and Iowa.

There is no cost to attend this training.  
Preregistration is required.
